

ExxonMobile and other international criminal organizations are attempting to transform one of Montana and Idaho's most cherished river corridors into an industrial shipping route that would be used to transport stripmining equipment to the Alberta tar sands, one of the most destructive industrial projects on Earth.

This Summer, join us for a week of education, action, and resistance in the wild northern rockies

**2011 EARTH  
FIRST!  
RENDEZVOUS  
JULY 5-12**

**MON(IDA)TANA(HO)  
WILDERNESS**
